Note from Submitter, Lisa at email :

A copy of the register page including each entry can be ordered and downloaded online for \$AU 17.50 at:

<https://online.justice.vic.gov.au/bdm/home> This has links to search the "Historical Indexes" for the registration number (which is not included here because of the risk of transcription error) which you will need before "Purchase an uncertified image". For anyone interested in any of the above people, I may be able to provide further information (such as death, children, birth & death of spouse) from the Victorian indexes which I hold at home.
